Project title: Alexandria Ocasio-Cortez

In light of the recent midterm election, I'd like to highlight the youngest women ever elected to Congress. I'd like to build this website as one long page that scrolls, divided into the three sections listed below.

Home Page: Basic background information on Alexandria.

2018 House of Representatives Campaign: What position was running for/who she was running against (and beat!) Historical facts about the election, i.e she defeated incumbent congressman Joe Crowley, which has been considered the largest upset victory in the 2018 midterm election season.
